

MADRID, CAPITAL OF RENEWABLE GAS · 2 JUNE 2027

Green gas

Mobility
summit
2027

3 CONFERENCES · 1 DAY · 1 NEW VENUE

Renewable gases:
production and markets

Alternative fuel bunkering in
the Iberian Peninsula

Renewable gases to
decarbonise road transport

BY DAY, **Espacio Pablo VI**

BY NIGHT, **ROOFTOP DINNER**

Organised by

The meeting point for renewable gases and sustainable mobility in the Iberian Peninsula

In 2026 we brought together more than 800 professionals and 300 companies in Madrid from across the biomethane, hydrogen and derivatives value chain (synthetic methane, methanol and ammonia): producers, infrastructure operators, shipping lines, ports, vehicle manufacturers, hauliers and public authorities.

Building on that success, in 2027 we are going a step further: three specialised conferences on renewable gases, bunkering and road transport, so that every professional finds the content and counterparts for their sector, at a venue in the heart of Madrid.

More content, more contacts and more business opportunities. We look forward to seeing you on 2 June 2027 at Espacio Pablo VI.

Eugenia Sillero

Secretary General, Gasnam

3 CONFERENCES IN ONE DAY

Renewable gases: production and markets

Biomethane, renewable hydrogen and synthetic gases: production, certification, markets and financing.

Alternative fuel bunkering in the Iberian Peninsula

LNG, bio-LNG, methanol and ammonia in ports and ships. FuelEU Maritime, the ETS and the role of Iberian ports as supply hubs.

Renewable gases to decarbonise road transport

Heavy-duty vehicles and fleets, refuelling infrastructure and the road ahead for bio-CNG, bio-LNG and hydrogen in road transport.

THE VALUE CHAIN AT GGMS26 · % OF ATTENDEES

21%

of attendees

1 · PRODUCTION

Renewable gas developers and producers

Biomethane, renewable hydrogen and synthetic fuel projects seeking technology, financing and buyers.

Ence Biogás · FCC Medio Ambiente · PreZero · Verdalia · Vorn Bioenergy · Waga Energy

35%

of attendees

2 · ENERGY AND INFRASTRUCTURE

Energy companies, grids and terminals

Major energy companies and infrastructure operators that integrate, transport and distribute the molecule.

bp · Enagás · Galp · Moeve · Naturgy · Reganosa · Repsol · Shell

27%

of attendees

3 · DEMAND

Offtakers and end users

Traders, shipping lines, ports, fleets and logistics operators: those who buy the molecule, contract it or decide which fuel powers their fleet.

Alsa · Baleària · Carnival Maritime · EMT Madrid · Flota Suardiaz · Grupo Avanza

CROSS-CUTTING PROFILES

Meetings booked before you arrive

Doing business is what the Summit is all about. In 2027 we are making it easier: every attendee arrives with their meeting schedule already set.

1

Choose your interests

When you register, you indicate your sector (energy, road, maritime, rail or air transport, ports, public administration), the energy carriers you are interested in (biomethane, hydrogen, LNG/CNG, bio-LNG, e-fuels, methanol, ammonia) and what you are looking for.

2

Get suggestions

The platform suggests the specialists from sponsoring companies who best match your profile and what you are looking for: suppliers, customers, technology, investment or regulation.

3

Book your meetings

Request a meeting, confirm the time and your table will be reserved in the Ágora on the day of the Summit. No lost business cards, no waiting around at coffee breaks.

FOR SPONSORS

You are the only ones attendees can book meetings with.

Your specialists accredited as B2B Partners can see every attendee, receive their requests and propose meetings to them.

Your table in the Ágora, reserved for your meetings

Sponsors will be able to reserve their table in the Ágora, the networking area of the Summit, to hold their B2B meetings and network with attendees throughout the day.

Reserved table

Your table in the Ágora on the day of the Summit, so every meeting has its place.

Meetings with attendees

Your accredited specialists receive attendee requests and propose meetings to them.

Networking in the Ágora

A space to talk and make contacts during the coffee break and lunch of the day.

FOR SPONSORS

Own table with signage for Gold sponsors.

Bronze and Silver sponsors can add a table in the Ágora as an optional add-on.

Visibility, voice and meetings

Three sponsorship levels to gain visibility, have a voice in the programme and secure meetings. All include B2B Partner status: the Summit meeting schedule is built around the sponsoring companies.

How your brand will look

Branding elements included for the main sponsors. Indicative designs with sample logos.

Make a Summit space your own

Only one available per option. They can be added to any sponsorship level.

Auditorium naming

Your brand in the main hall: signage, agenda and website. Full branding after the opening session.

Price: €4,500

Room naming

Newman Room, linked to one of the three conferences.

Price: €3,500

Agora naming

The networking and B2B meeting area bears your name.

Price: €4,000

Room naming

Grados Room, linked to one of the three conferences.

Price: €3,500

Pergola terrace set

Exclusive sponsorship example: networking cocktail.

Price: €3,000

Networking cocktail

The Summit's closing reception on the pergola, with your brand.

Price: €3,000

CONTACT

Book your sponsorship

Each sponsor will have a dedicated contact person to support them from signing up to the day of the event.
